### Use of minerals coming from conflict zones in products of the company Möhlenhoff GmbH

#### Information about the company:

Company name: Möhlenhoff GmbH  
Address: Museumstraße 54a,  
38229 Salzgitter

Name of the authorised company representative: Alexander Aschemann  
Function of the company representative: Responsible officer for REACH and RoHS

#### The following metals are necessary for the manufacturing of products of the company Möhlenhoff GmbH:

Tantalum  Yes  No  
Tin  Yes  No  
Gold  Yes  No  
Tungsten  Yes  No **Comment:**

The above mentioned substances tantalum, tin and gold are used for the production e.g. of printed circuit boards and connecting cables for some products. We do not know the origin as well as the smelters of these substances and we are unable to trace them; however, we are cooperating with our suppliers in order to acquire relevant data.

With kindest regards

**Möhlenhoff GmbH**
