Information for customers EU Battery Regulation

The European Parliament and Council's Regulation (EU) 2023/1542 of 12 July 2023 on batteries and waste batteries, amending Directive 2008/98/EC and Regulation (EU) 2019/1020 and repealing Directive 2006/66/EC

The Regulation lays down requirements on sustainability, safety, labelling and the provision of information for batteries placed on the market or put into service within the European Union. It also imposes due diligence obligations on businesses.

The batteries and rechargeable batteries used by Möhlenhoff GmbH are only purchased from manufacturers, importers and wholesalers who have met their due diligence obligations in full.

As a result, Möhlenhoff GmbH fully complies with the EU Battery Regulation's stipulations regarding the batteries and rechargeable batteries used.

Please feel free to contact us if you have any questions.
